Literature that matters.

## THE WORLD OF M.G. Crisci

A career Manhattan corporate executive turned author, M.G. Crisci, writes entertaining, message-based literary works, based on true stories and/or life experiences that are rich in approachable dialogue, graphic depictions, and surprising plots.

He has been an award-winning newspaper reporter in America, and the recipient of the international award for editorial excellence by Rossiyskaya Gazeta in Russia. Recently, his ground-breaking book *CALL SIGN, WHITE LILY*, published in English and Russian, was awarded a certificate of achievement by the Federation of Russia for enhancing non-political communications between our two nations. He is the first American author to receive that award. Another of his literary works, *THE RISE AND FALL OF MARY JACKSON PEALE*, has been named one of the 10 best books of 2012 by San Francisco Book Review.

As a businessman-lecturer he was considered a nationally-recognized expert on consumer motivation and behavior, and has been elected to Who's Who in American Business and Who's Who in the World 19 times. He also sits on the Board of the Russian Cultural Centre in Memphis, TN.

His eight book, *SEVEN DAYS IN RUSSIA*, will be published as a bilingual edition later this year. The photojournalistic travelogue includes over 150 revealing pictures of current-day Russia, taken by the author. The Radio Free Europe Foundation has characterized *SEVEN DAYS* as "a must read for every Washington insider who wants to understand Russia."
