LIFE BEGINS @ 65

THE JOURNEY

Learn how New York City born Matt Crisci transitioned from a successful, roller-coaster career on Madison Avenue and Wall Street, to become a critically acclaimed author of nine books (and counting). Matt's entertaining and informative multi-media presentation, Life Begins@ 65, takes you on a journey that begins in lower Manhattan at the turn of the 20th Century, weaves through the dark side of Wall Street and Corporate America, travels to England, Russia, the Ukraine, Embassies and Consulates in Washington D.C., and ultimately the United Nations.

THE DESTINATION

In a most unusual life that is "yet to reach some ultimate destination", M.G. has been awarded a certificate of achievement by the Federation of Russia for enhancing non-political communications between our two nations. He is the first American author to receive such an award. M.G. has also been elected to Who's Who in American Business and the World 19 times.
